RALLY HELMET

Simpson Rally Helmets

Rally, FIA 8859-2015

Rally PRO, FIA 8860-2010

Simpson Rally and Simpson Rally PRO helmet is the latest in open face helmet design. The adjustable earmuffs deliver a sound-proof environment for ultimate communication. The microphone flexboom and audio plug are factory integrated to the helmet shell and interior for maximum stability, adjustment and com-

munication performance. The adjustable peak height offers protection from a blinding sun. Additional sunscreen visor can be installed.

FEATURES

- Material is exclusive MSF structure (Multi Sandwich Fibers) with Kevlar® reinforcements.
- Ships with HANS anchors installed.

WRC top level integrated communication electronics with adjustable earmuffs and flexboom microphone.

Adjustable peak height.

Optional: adjustable short visor.
